### About me

#### My objective

To study Computer Science at university, and to start a career in it after graduating.

#### My skills

- I have coded HTML & CSS for 8 years
- I have used PowerPoint for 10 years
- I have spoken French for 11 years

### Work Experience

#### Custard Design and Print (July - Dec 2011)

I designed and built Custard's website, which is available at [custard-design.co.uk](http://custard-design.co.uk), and set up Facebook and Twitter pages. I also created website mockups for clients,

which were then converted into WordPress templates, and I also took calls from customers on the phone.
